

## When Foundations Fail!

When a nation turns away from God, removes His Word from the public arena, endorse and encourages policies that destroy the fabric of family and society, a nation's foundations will begin to fail. Attempt to change the family structure, husband, wife and children, one man one woman. Societies foundations begin to fail.

And Pharisees came up to him and tested him by asking, Is it lawful to divorce one's wife for any cause?"

He answered, Have you not read that he who created them from the beginning made them male and female, and said, Therefore a man shall leave his father and his mother and hold fast to his wife, and the two shall become one flesh'? So they are no longer two but one flesh. What therefore God has joined together, let not man separate." Matthew 19:3-6

Our nation's founding documents have guided us for 275 years. From the Mayflower Compact to the Constitution, this nation has recognized that the God of the bible was at the very foundation of our creation. Yet today we find ourselves struggling with the anti-Christ ideology of Marxism. Marxism says destroy a nation's history, rewrite, rename and indoctrinate.

**"IN THE NAME OF GOD, AMEN.** We, whose names are underwritten, the Loyal Subjects of our dread Sovereign Lord King *James*, by the Grace of God, of *Great Britain, France, and Ireland*, King, *Defender of the Faith*, &c. Having undertaken for the Glory of God, and Advancement of the Christian Faith, and the Honour of our King and Country, a Voyage to plant the first Colony in the northern Parts of *Virginia*; Do by these Presents, solemnly and mutually, in the Presence of God and one another, covenant and combine ourselves together into a civil Body Politick, for our better Ordering and Preservation, and Furtherance of the Ends aforesaid:"

Because we have turned away from the God of the bible, our Judeo-Christian tradition we as a nation have lost our moral compass. The media of this nation is a cesspool of ungodliness. There no longer is a family hour on television, the once family, children friendly happiness place on earth is no more.

Going back to the late 1920s, every single child raised in America has intersected in some way with products from Walt Disney: We've watched the movies and TV shows, sung the songs, worn the clothes, and visited the theme parks. Through it all, Disney stood for wholesome family entertainment. That is no longer the case. Disney is a hardcore leftists corporation that is pushing its politics on children and training its employees to be white-hating racists or self-loathing white people. It's time to give up Disney.

During Walt Disney's tenure, his company also generated propaganda. Behind all the wonderful entertainment the company was pushing several themes: Heterosexual love is real, the nuclear family matters, American patriotism is important, and God is a beneficent presence in our lives.

Porn is the norm, sons are now daughters and daughters are now sons. Today's parents now have to bow down to the government on issues concerning their children.

Fathers, do not provoke your children to anger, but bring them up in the discipline and instruction of the Lord. Ephesians 6:4

Law and order is now a racist term, but I thought we are a nation of laws. The same so called leaders that have called for defunding the police, that don't believe the American people need police support, safe communities from criminal elements, those very same politicians put barriers and military guards around the people house and personal guards for themselves many times at tax payers expense.

Kneeling at the playing of our national anthem, displaying of our flag is not seen by many as unpatriotic a slap at our nation and people. It's time for America, the church to wake up, get involved and sound the alarm!

Then some men came and told Jehoshaphat, "A vast army is coming against you from Edom, from beyond the Sea; they are already in Hazazon-tamar".<sup>3</sup> Jehoshaphat was alarmed and set his face to seek the LORD. And he proclaimed a fast throughout Judah. <sup>4</sup>So the people of Judah gathered to seek the LORD, and indeed, they came from all the cities of Judah to seek Him.... 2 Chronicles 20:3

It's time to seek the face of God, return to our Judeo-Christian tradition return our families, nation to the God of the bible. Freedom is not free.

The children of Israel had to fight for the promise land. We too here in America have to fight for our land. This is not a fight, battle with guns and armaments, but rather a fight with ideals ideology and prayer.

The American republic was founded on a set of beliefs that were tested during the Revolutionary War. Among them was the idea that all people are created equal, whether European, Native American, or African American, and that these people have fundamental rights, such as liberty, free speech, freedom of religion, due process of law, and freedom of assembly. America's revolutionaries openly discussed these concepts.

God ordained the founding of this great nation. All you have to do is read what the Pilgrims said were their reasons for coming, all the state charters and constitutions, all mention the God of the bible as a central part of their establishment.

John Adams our second president said this at the final approving of our constitution, "Our Constitution was made only for a moral and religious People. It is wholly inadequate to the government of any other."<sup>1</sup> He wasn't the only Founding Father to hold this view. Indeed, James Madison wrote that our Constitution requires "sufficient virtue among men for self-government," otherwise, "nothing less than the chains of despotism can restrain them from destroying and devouring one another."

Many of our Founders were men of faith or were influenced strongly by the Judeo-Christian tradition. They accepted the premise of mankind's imperfect nature. They had experienced first-hand the oppressive dictates of Parliament and the Crown that led to the American Revolution. And they were rightly suspicious of the accumulation of governmental power by one person or a small body "the very definition of tyranny" according to Madison.<sup>4</sup>

Consistent with these experiences and beliefs, the Founders imbued liberty-preserving principles into the very structure of the new government. They divided power between federal and state governments, apportioned federal power among three branches of government, and limited the power of the federal government to certain delegated functions. But the Founders also knew that these devices alone were inadequate to preserve and sustain our new nation.

Why did they believe that the success of the union ultimately depended on the virtue of the people? Simply put, the Founders knew that government was downstream from culture. A virtuous people would courageously defend the rights endowed by their Creator and restored by the blood of patriots. But a fearful people would readily cede these rights in exchange for a fleeting sense of security.

Patric Act, Covid 19 lockdowns, Mask, Walfare State etc...

As Princeton's Robbie George explains, "People lacking in virtue could be counted on to trade liberty for protection, for financial or personal security, for comfort, for having their problems solved quickly. And there will always be people occupying or standing for public office who will be happy to offer the deal."

America's Democratic Party

What we see happening in America today is a direct result of our turning away from our Judeo-Christian traditions. This is what happens when Foundations Fail!
